PUBLIC NOTICE

PR#0217

REQUEST FOR PUBLIC COMMENT UPON A DRAFT WRITTEN DETERMINATION  
FOR THE RECYCLING OF HAZARDOUS WASTE

The Nevada Division of Environmental Protection (NDEP) is requesting public comment upon the DRAFT WRITTEN DETERMINATION (WD) for a hazardous waste recycling facility owned and operated by Resolvent, Inc. (EPA ID# NVR000076158). This facility will be located at 831 Deming Way, Sparks, Nevada.

The DRAFT WRITTEN DETERMINATION would recognize Resolvent, Inc. as a facility for the recycling of hazardous waste in accordance with NAC 444.8455.

The facility will recycle waste solvent into an ultra-pure solvent using various proprietary recycling/treatment technologies along with patented separation technologies. Waste materials would originate from textile operations (e.g. dry cleaning), manufacturing operations, or other commercial entities that are able to collect used solvent for recycling. The primary solvent for recovery will be tetrachloroethylene (PERC). The recycled solvent can be directly reused in various applications including those requiring very high solvent purity levels. High purity solvent is commonly used in electronics manufacturing, machining, as well as textile production and cleaning. The facility will purify solvents from both liquid and solid waste streams.

The facility will have an initial design capacity of approximately 1500 gallons of high-purity solvent daily. During normal operation, the facility anticipates producing approximately 500 gallons of high-purity solvent daily.

Note: This notice is for electronic distribution. The original notice is on file at the address shown on the letterhead.

The public is invited to submit written comments on this DRAFT WRITTEN DETERMINATION to the following NDEP contact person during the 45-day comment period ending April 8, 2002:

Further information may be obtained by calling Sree Kailash at (775) 687-4670 ext. 3009 or e-mail at skailash@govmail.state.nv.us

Anyone wishing to submit comments on this DRAFT WRITTEN DETERMINATION should do so in writing on or before April 8, 2002 to NDEP at the Carson City address above. An extension of the 45-day comment period may be granted if the request for the extension adequately explains why more time is required to prepare comments.

All comments will be addressed in the Administrative Record. A final decision to issue or not issue the WRITTEN DETERMINATION will be made after all comments have been considered. Notice of the final decision shall be sent to each person who has delivered written comments or requested notice of the final decision. The decision will become effective 30 days from the date of issuance unless:

1. A later effective date is specified in the decision; or
2. There is an appeal of the Administrator's decision to the State Environmental Commission pursuant to NRS 445.274; or
3. There are no comments, in which case the final decision shall become effective immediately upon issuance.

Please bring the foregoing notice to the attention of all persons whom you believe would be interested in this matter.
